

2023-2024 Activities

NH Jump\$tart completed its 24th year of operation and is looking forward to what awaits us as we celebrate our 25th anniversary in 2025!

A significant development during this year was the requirement from HB 1671 which now includes personal finance as a core academic requirement under the NH state definition of an “adequate education” and was required to be implemented as of September 2023.

We will be releasing our updated [Survey of New Hampshire High Schools](#) during the coming months which should show significant improvement in the teaching of personal finance in our New Hampshire high schools.

Here are the results of our other activities:

- We met with over **500** second grade students from **15** elementary schools with our [I Can Save](#) program which focuses on needs and wants with an emphasis on saving, spending, and sharing.

- Over **450** students from **14** schools participated in the online portion of the [FinLit300](#) tournament with the teams from [Raymond High School](#) and [Newfound Regional High School](#) finishing 1st and 2nd, respectfully.

- **75** teachers attended the May [Classroom Connections](#) workshop for a full day of presentations!

- **112** players participated in our annual charity golf tournament in August which successfully kicked off our fund-raising efforts for the upcoming year.

We look forward to resuming all of these activities beginning again during the 2024-2025 academic year.
